2. **Charges.** A) The Mare Owner agrees to **pay the Stallion Service Fee of \$777 to Marshall Wier, Stallion Owner, prior** to shipment of COOLED SEMEN to its insemination point.
B) The Mare Owner also agrees to pay the Stallion Manager for all courier, shipping and handling charges which may be incurred as a result of this agreement.
C) Semen shipped by Fed Ex Ground is \$350, **payable to the Stallion Manager, prior to shipping**
D) For all other special delivery services and costs contact the Stallion Manager.
E) No shipment will be prepared for transfer unless the Mare Owner has provided the Stallion Manager twenty- four (24) hours advance notice (exclusive of Saturdays, Sundays, and holidays) and **all charges due are paid in full.**
3. **Condition and Treatment.** The Mare Owner acknowledges that the Mare is healthy and in sound breeding condition and registered with the American Quarter Horse Association, the Jockey Club, the American Paint Horse Association or the Appaloosa Horse Club. A copy of the registration papers for the Mare must be attached to this agreement. The Mare Owner agrees to use all diligence and care in the insemination of the Mare. The Stallion Manager may refuse to breed the Mare to the Stallion if, in the Stallion Manager's opinion, the Mare is not healthy and in sound breeding condition.
4. **Representations and Warranties.** The undersigned Mare Owner represents and warrants that (a) the Mare Owner is owner of record of the Mare; (b) the Mare Owner is the holder of a valid 2018 Season Breeding Privilege that has not been used before; and (c) the Mare Owner or person signing on behalf of the Mare Owner has the power and authority to bind the Mare Owner under this Agreement.

5. **Waiver of Liability.** The Mare Owner will hold harmless and indemnify the Stallion Manager and Stallion Owner with respect to any loss or damage incurred in connection with this Agreement. Neither the Stallion Manager nor the Stallion Owner are liable for any injury, sickness, disease or death of the Mare or her offspring arising, in connection with this Agreement. The Mare Owner bears the sole responsibility of insuring the Mare and any of the Mare's offspring.
6. **Limited Live Foal Guarantee.** If the breeding contemplated by this Agreement is fully paid and does not result in a live foal, the Mare Owner will be entitled to rebreed the Mare to the Stallion during the following breeding season only. If the Mare Owner exercises this right, there will be no additional stallion fee for such breeding. The following terms and conditions will apply: (a) the rebreeding will be performed at a location with qualified personnel approved by Stallion Manager; and (b) the Mare Owner will be responsible for all other expenses and charges as set forth in Section 2 above. If the Mare Owner does not provide the Mare or a substitute mare, approved by the Stallion Manager, for the next ensuing breeding season, then the Stallion Manager, and the Stallion Owner will be released from any and all liability whatsoever for any further rebreeding or refund of any stallion fee. No stallion fee will be refunded. The term "live foal" means that the foal resulting from the breeding stands alone, nurses and lives for twenty-four (24) hours. This limited live foal guarantee will be void and the Stallion Manager, and Stallion Owner will be released from all liability hereunder unless the Mare Owner notifies the Stallion Manager within forty-eight (48) hours after the time of foaling that the Mare did not produce a live foal. Within fourteen (14) days after such notice the Mare Owner must provide certification that the foaling was an attended foaling and deliver a written statement from a licensed veterinarian giving the details required to substantiate the failure of the Mare to produce a live foal. The Mare Owner will have the right to substitute a different mare for the rebreeding set forth in the preceding paragraph provided that the substitute mare is of the same quality and condition as the Mare, determined in the Stallion Manager's sole discretion. The limited live foal guarantee herein will be void and the Stallion Owner will be released from the liability if: (a) the Mare is sold by the Mare Owner prior to foaling without the Stallion Manager's approval; (b) the Mare is returned to training after the Mare has been checked in foal by the Stallion Manager.
7. **Multiple embryo transfer.** If more than one embryo is produced from a Stallion breeding under this Agreement and if multiple embryos are transferred, then the Mare Owner must notify the Stallion Manager within 48 hours of transfer of embryo(s). If embryo transfers result in multiple pregnancies, then the Mare Owner must pay the Stallion Manager the Stallion Service Fee for each pregnancy. The Mare Owner acknowledges that only a single foal may be registered as a result of the insemination of the Mare under this Agreement regardless of the number of embryos or live foals that might result from such insemination.
8. **Genetic material.** The Mare Owner represents and warrants that, without the Stallion Manager's prior written consent, which consent may be withheld in the Stallion Manager's sole discretion, the Mare Owner has not and will not: (a) freeze any embryos flushed from the Mare; (b) freeze, store or otherwise use any semen or other genetic material derived from the Stallion in any way for any purpose other than impregnation the Mare during the 2018 Breeding Season; or (c) in any way clone or attempt to clone the Stallion.

9. **Certificates and Substitutions.** The Stallion Manager will issue a service certificate at the Mare Owner's request at any time after the Mare has been checked in foal and all charges have been paid in full. The Mare Owner may not assign this Agreement or substitute any other mare for the Mare under this Agreement. Any attempted assignment or substitution without prior written consent of the Stallion Owner will, at the option of the Stallion Owner, terminate this Agreement and release the Stallion Owner and the Stallion Manager from all obligations hereunder. In the event multiple embryos result from insemination the Mare with the COOLED SEMEN: (a) the Mare Owner acknowledges that only a single foal may be registered as a result of such insemination; (b) the Mare Owner will take all reasonable actions requested by the Stallion Owner to insure such result; and (c) the Mare owner must designate which foal resulting from the multiple embryos will be registered no later than December 31 of the year in which the foal is born.

Semen will be collected ONLY on established breeding days and no guarantees are made or implied that semen will be available when requested.
